

The New Policies of The Mutual Life Insurance Co. Of New York

Have been carefully drawn so as to avoid as far as possible the use of unnecessary technical terms. The agreements and privileges are clearly and precisely stated, and the contract may be easily understood by its possessor.

They are the best of life insurance contracts and are issued by the BEST of all the companies in the world.

LIMITED PAYMENT LIFE POLICY.

By the terms of this contract the amount of the insurance is payable upon the death of the insured, and the premiums are payable during a limited number of years—twenty, fifteen or ten years.

The Limited Payment Life Policy is in many respects and for a large class of insurers a most desirable contract, providing as it does that the premiums shall all be paid in the early and productive years of life, thus the policy becomes fully paid up for the whole amount in a fixed number of years. Dividends are payable annually, or at the end of 5, 10, 15 or 20 years.

HOW MUCH WILL IT COST?

Between the ages of 25 and 31 years, inclusive, SIX TO SEVEN CENTS A DAY will be the "first cost" of \$1000 good life insurance.

Between the ages of 32 and 52 years, SEVEN TO FIFTEEN CENTS A DAY.

Between the ages of 53 and 65 years, SIXTEEN TO TWENTY-NINE CENTS A DAY.

Is there any healthy man or woman in America at work for wages who can not afford this "first cost" of a good \$1000 policy in the best and strongest company on earth?

A little self-denial in small things—pleasant things, perhaps, but unnecessary things—will pay the bill easily.

Different forms of policies cost various prices.

OUR TWENTY-YEAR DISTRIBUTION POLICY on continuous life and limited payment plans affords the maximum of security at the minimum of cost.

OUR GUARANTEED INCOME POLICY provides a guaranteed income, secure investment, and absolute protection.

OUR ENDOWMENT POLICY provides a certain guaranteed sum, payable with profits at a fixed time.

OUR 4 AND 5 PER CENT. BONDS furnish the best and most effective forms of indemnity and fixed annual income to survivors.

OUR CONTINUOUS INSTALLMENT POLICY so adjusts the payment of the amount insured as to create a fixed income during the life of the beneficiary.

OUR ANNUITY POLICIES offer an excellent opportunity for persons to obtain a high rate of interest on their capital for the remainder of life; an income safe beyond mishap. This form of investment is particularly recommended to those who desire to make provision for declining years, and to be free from business cares.

We have prices to fit all known wants. All we want to know is what you want. If you do not know, tell us enough of your condition and surroundings and we can suggest the policy best suited to your purpose.

Rates and guarantees cheerfully furnished on application.

Foreign News By Cable

TO INVESTIGATE LAKE.

The County Board of Supervisors met last evening in the McIntyre block and appointed a committee to investigate the charges against Detective Lake of the County Attorney's department. Lake is alleged to have been under the lessy arrested two young men Saturday night of liquor and to have need-day night.

WITTE MAY RESIGN.

ST. PETERSBURG, March 20.—It is rumored that Premier Witte will soon resign on account of ill-health. He has recommended one of the members of the Privy Council for the succession.

It is claimed that the government is interfering in the freedom of the elections.

MUTINEERS EXECUTED.

ST. PETERSBURG, March 20.—Lieutenant Schmidt, the officer of the Black Sea fleet who joined the mutineers in November last, has been shot, as have three mutinous sailors of the fleet.

When the mutiny broke out in the Russian Black Sea fleet in the latter part of November last, the officers were offered the option of joining the rebels or being shot. Lieutenant Schmidt was a Socialist, and he joined the mutineers. After the commander of the Kniaz Potemkin was killed, Schmidt took command of the vessel and was in her when she made the celebrated demonstration before Odessa. The Kniaz Potemkin sailed away ingloriously to be turned over to the government of Roumania, which gave her back to Russia, and most of the mutineers were released. Schmidt and several of his fellows, however, were held for trial.

OPERATORS-MINERS TO MEET.

INDIANAPOLIS, March 20.—The joint conference of the coal mining operators and miners of four states meets tomorrow.

GARDENER AMATEUR CHAMPION. CHICAGO, March 20.—Edward Gardner was the winner of the amateur billiard championship of America.

WORK TO COMMENCE SOON.

St. Andrew's Cathedral is to be completed temporarily by the addition of two bays. Island stone has been found that matches the building and work will begin soon. The money, with the exception of \$2500 is in sight.

SUPERVISORS WORKED RAPIDLY

BOARD DISPOSED OF VARIOUS MATTERS VERY PROMPTLY LAST NIGHT.

Business was expedited at the meeting of the Board of Supervisors last night in a way that was unusual. Chairman Adams got business through in prompt style and the Board adjourned shortly after 9 o'clock until next Tuesday at 7:30 o'clock.

The following appropriations were passed last night: Robinson park system, \$500; Koolauoko road district, \$375.75; Koolauoko Road District No. 1, \$488.25; County Engineer, \$5.00; Electric Light Department (payroll) \$204.05; Police and fire alarm system (payroll) \$23.50; Electric Light department (material and supplies), \$1810.67; Garbage department (payroll) \$663.65; Road department \$3181.24; Road department (special) \$1242.59; Koolauoko road district, \$48.87; Road department, \$135.

Lucas stated that William J. Karratti had been appointed temporary pound master at the Makiki pound in the absence of the regular pound master. The latter had been in the habit of getting drunk and indulging, it was stated, in wife beating. The appointment of Karratti was approved.

For the Committee on Roads, Bridges and Parks, Lucas reported that the bid made by John Walker for the construction of the Kahauiki bridge had been the lowest but it had not been in regular form for it had omitted to name the cost of putting in the piling. Lucas moved that the contract be awarded to the Burrell Construction Company, whose bid had been in proper form and was consequently the lowest. The motion prevailed. The bid was for \$7,700. The County Attorney was instructed to draw up the contract.

The Board rejected the bid for the Hauula bridge on the ground that the County Engineer had estimated that the cost should be \$2,500 which included 20 per cent profit, whereas the bid had been \$2,929. It was thought that the bridge could be constructed by the County.

A communication was received from Sheriff Brown acknowledging the receipt of copies of recent County ordinances and also enclosing a petition received from residents of Punui protesting against stray cattle trespassing that section.

A communication from L. M. Whitehouse asking that he be allowed to rent the small steam roller for use on the Pali road was read. He agreed to pay \$75 a month for the use of the machine. His request was granted. A communication from H. Hackfeld & Company thanking Fire Chief Thurston and the fire department for the excellent service in putting out the recent fire on the S. S. Texan was read and placed on file.

It was decided to loan the band to Leahi Chapter, Order of the Eastern Star, on the afternoon of May 6 for a fair for benevolent purposes to be given at Haelees Lawn.

Residents at Hauula homesteads protested to the Board against the recent sale of certain lots, 1, 2, 3 and 4, at that section. It was claimed that the sale of such lots which were on the beach deprived the people of landing place. The communication was referred to Superintendent of Public Works Holloway.

The report of Park Expert Robinson was read by title and placed on file, as all of the members of the Board had previously read the document. On motion of Lucas, seconded by Moore, a vote of thanks was tendered to Expert Robinson for his comprehensive and able report.

John Nott, Jr., for the McCully Improvement Club addressed the Board and requested that two fire alarm boxes be added to that district. Moore was authorized to investigate and to add as many boxes as were necessary.

Judge Weaver appeared for the Manoa Valley Improvement Club with a request that Oahu avenue be opened from College Hills Tract to the main Manoa road. The matter will be investigated.

Lucas then brought up the Lake matter. Lucas called attention to the article that had appeared in The Star yesterday regarding Lake's arrest of two young men. On motion of Lucas it was decided to appoint a committee to investigate the matter and to have the committee report at the next meeting. Lucas and Moore were appointed on the committee.

Harry Murray called the attention of the Board to the fact that taxes would become delinquent on March 31 and unless the employees of the County could secure their warrants on that day, they would be liable to be penalized 50 cents each on account of the taxes becoming delinquent. The Board decided to make the appropriations so that the men could secure their money on the last day of the month. An adjournment was then taken to March 27 at 7:30 p.m.

ENOS LEAVES \$100,000.

The will of Augustine Enos who died recently in Walluku, Maui, was read recently. He leaves nearly \$100,000 and all to his wife and children. The widow and A. V. Mariel are named as executrix and executor. The store owned for many years by Enos was left to his son.

WOUNDS, BRUISES AND BURNS.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the usual treatment. Chamberlain's Pain Balm is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. For sale by all dealers, B. Mason Smith & Co., agents for Hawaii.

Adams - Bagnall ENCLOSED ARC LAMPS

The history of the Arc Lamp has been a story of improvement, and the tendency in construction has of late taken a decided turn towards the use of the fewest parts possible consistent with reliable operation.

The A-B lamp is one that has been evolved from these conditions and is a model of simplicity in mechanical construction and electrical design.
